

## **Reimelt Henschel wins significant bid with over 15 million Euro in Russia**

Berlin, July 08, 2008. Reimelt Henschel, Roedermark/Germany, a subsidiary of MBB Industries AG (ISIN DE000A0ETBQ4), has received a letter of intent on July 08, 2008, to build a large raw material handling system for a greenfield plant in Russia. The buyer is a globally active and well renowned producer in the food industry. Reimelt Henschel will deliver a system for the processing of dry and liquid raw materials for the industrial production of food. The contract has a total volume exceeding 15 million Euro and thus is the second largest order in the company's history. Project completion is planned for the end of 2009.
