

MBB Industries AG continues profitable growth in first half of 2013

- Revenue rises by 27.3% to €114.3 million
- Consolidated earnings improve by 9.6% to €6.3 million
- Outlook positive

Berlin, 30 July 2013 – MBB Industries AG (ISIN DE000A0ETBQ4), a family-owned, medium-sized corporation, has posted further growth in revenue and earnings in the first half of 2013. Revenue increased by 27.3%, from €89.8 million in the first half of 2012 to €114.3 million. Consolidated earnings improved by 9.6% to €6.3 million after €5.8 million previously. Per share, this corresponds to €0.98 after €0.89 in the first half of the previous year.

Despite the dividend payment of more than €3 million in June, MBB Industries AG further expanded its cash position in the reporting period. This reflects the company's earnings power. Its cash and cash equivalents rose to €46.2 million as at the end of June 2013 after €45.2 million at the end of 2012. Equity climbed to €59.1 million after €57.4 million as at the end of the financial year.

In the second quarter of 2013, revenue amounted to €58.8 million after €58.4 million in the same quarter of the previous year. Earnings improved to €3.0 million after previously €2.6 million. It should be noted that MBB Fertigungstechnik, acquired in the previous year, has been contributing to the revenue and earnings of MBB Industries AG since the second quarter of 2012. The good business performance is still driven by the entire group. With the construction of a new paper machine at Hanke Tissue and the development of own production facilities in China for MBB Fertigungstechnik strategically important investments in the further growth of the existing portfolio companies are currently being implemented. The outlook is positive, hence the company is still assuming a revenue increase with a healthy earnings level for 2013 as a whole. Thanks to its good liquidity position MBB Industries will be able to support the anticipated growth of its existing portfolio companies, as well as perform further acquisitions.

The half-year report will be published on 30 August 2013 and will be available for download at www.mbb.com.

About MBB Industries AG:

MBB Industries AG is a family-owned, medium-sized corporation that has expanded steadily as a result of organic growth and the acquisition of other companies since it was founded in 1995. Achieving a long-term increase in the value of the individual companies and the Group as a whole lies at the heart of its business model. This business model has been highly profitable from the outset – substantial growth and sustainable returns will remain MBB Industries AG's goal in future as well.
