

## **MBB SE grows by 12% in first half of 2015**

Berlin, 6 August 2015 – MBB SE (ISIN DE000A0ETBQ4), a family-owned, medium-sized group of companies, generated revenues of €124.4 million in the first half of 2015 after €111.2 million in the first half of the previous year, according to preliminary figures. This equals to a revenue growth of 11.9%. EBITDA decreased slightly to €11.8 million (€11.9 million in the previous year) and consolidated earnings amounted to €5.9 million (€6.6 million previously), resulting in earnings per share of €0.90 (€1.01 previously). Revenues and earnings thereby exceeded management expectation and underpin the forecast of €250 million in revenues and at least €1.75 earnings per share. Current order intake also points to a continuation of organic growth in 2016.

Equity marked a new peak of €82.6 million compared to €78.6 million at the end of 2014, corresponding to an equity ratio of 40%. Liquidity of €54 million (€58.7 million previously) and net cash of €17.8 million (€24.3 million previously) remained on an elevated level despite intense investing activity and a seasonal build-up of working capital. Due to sufficient financial leeway, MBB remains capable of acquiring small- and medium-sized enterprises in a flexible and independent manner.

The half-yearly financial report for 2015 will be published on 31 August 2015 and made available for download at [www.mbb.com](http://www.mbb.com).
